Early Learning Centre

♥ About Henderson Early Learning Centre

Henderson Early Learning Centre is a **fun, energetic and loving** place with a strong focus on education. We are committed to the **holistic development** of our children and provide exceptional, tried and tested programs for the enrichment of their **body AND minds**.

Our highly experienced, dedicated and loving teaching team takes every opportunity to expand on children's interests and this is complimented by our uniquely laid out, spacious indoor and outdoor setting.

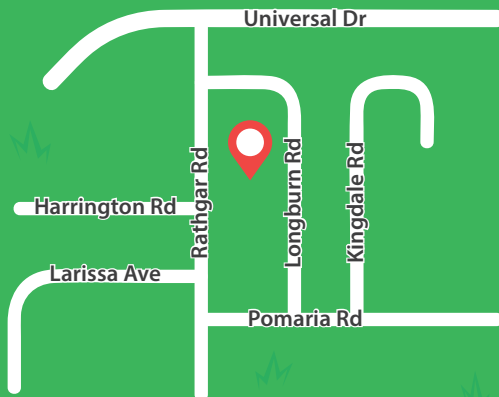

♥ Teacher : Child Ratio

Our target ratio is **1 teacher to 4 children in the baby room** and **1 teacher to 8 children in the preschool area**. This high ratio allows our teachers to provide individual education and care to your child.

♥ Affordable

We are 100% NZ owned and not a big multi-national corporation with shareholders. We place the interests of our children and families first, and trust you will be surprised at how **competitive** our **fee structure** is despite offering much more.
